

## For Immediate Release

Press Release – May 4, 2005

### **Moonsoft and Neoxen Systems join forces in the Scandinavian software markets**

*Moonsoft, a leading software distributor in the northern Europe and Neoxen Systems have signed a significant partnership agreement to distribute Product Life Cycle Management products and services to the Scandinavian markets.*

"Managing product development efficiently and streamlining the Product Life Cycle has become a key success factor in the rapidly globalizing markets. The acknowledged Neoxen Modus Product Family offers our customers an excellent foundation to better manage their costs structure, add transparency to their processes and speed-up their development cycle", says Juha Piispa, General Manager at Moonsoft. "The internationally proven tools from Neoxen Systems help to create a clear model to successfully manage even the most complicated development efforts. This gained efficiency multiplies the Return of Investments, and secures the investments made in the traditional tools we offer."

"Partnership with Moonsoft is an important step for us in the Scandinavian markets. At the same time it opens up new cooperation models offering remarkable added value to our customers", says Esa Tervo, Chief Executive Officer at Neoxen Systems. "As a leading distributor Moonsoft provides excellent visibility to our products. In addition Moonsoft's professional customer care organization extends our support and training services with a safe and pleasant way to purchase the solutions that best suit for our customers."

**Moonsoft Oy**, founded 2004, is a leading Scandinavian distributor specialized in consultative sales of software solutions and related services, such as license management and integration of information systems.

The experience, customer-oriented thinking, technical know-how and a real enthusiasm to the software form the foundation of the company's operations. Moonsoft is selling solutions from all the leading vendors addressing the needs of companies, educational establishments and public administration.
